Dimensions
- Packaging dimensions (W x H x D): 325 x 180 x 280 mm
- Product dimensions (W x H x D): 290 x 150 x 230 mm
- Product weight: 1.62 kg
- Weight: 1.62 kg
- Weight incl. Packaging: 2.32 kg

Power
- Battery type: LR14
- Battery voltage: 1.5 V
- Mains power
- Number of batteries: 6

Highlights

CD-R/RW Compatible
CD-Rewritable Compatible means that your audio set can play both CD-Recordable (CD-R) and CD-Rewritable (CD-RW) discs. CD-R discs are recordable once and can be played on any audio CD player while CD-RW discs can be recorded and rewritten multiple times and can only be played back on compatible audio CD players. The laser pick-up and CD decoder circuitry of CD-RW compatible players are specially designed to read the special audio CD-RW phase-change recording layer, ensuring you can always play your home-recorded discs on your audio CD system.

Dynamic Bass Boost
Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

Digital tuning with presets
Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

10 hours MP3 music on one CD
Enjoy over 10 hours of music on one MP3-CD
